D.I.Y Mold Sampling

Instructions

STEP 1: *Clear Tape*

Take an approximate 3 inch piece of clear scotch tape. Hold the two ends between thumb and index finger. Press the center of the tape directly onto the moldy surface.

STEP 2: *Adhere To Bag*

Note: Do not fold tape. Adhere tape inside clear sandwich bag (or something similar). Seal the bag. If multiple samples are taken, repeat this step and number each bag.

STEP 3: *Chain of Custody*

Fill out details on the form below.

STEP 4: *Mail It*

Mail the sample(s), Chain of Custody and payment (cash, check or money order) to:

SS Mold Lab
4004 Lone Star Lane
Denton, TX 76210
